

A Womans Charm

is her own. For distinction she looks to her gown—hence a visit to The Hub.

The question as to what is new and correct in the realm of fashion for the new season will be answered in this visit.

You can't define style but you know it when you see it. One of the most comprehensive displays of Coats, Suits, Dresses and Blouses ever attempted in this city are on display at

THE HUB

Every day sees something new in our garment department and if you would know correct styles for autumn and winter you will visit this store often during the next few weeks.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, plus cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
